Edition of 17 September 2026. Supersedes 10 September 2026.

This workbook is for information and education. It is not investment advice and carries no rating and no price target.

BLUE cells are inputs and live on the Assumptions sheet. BLACK cells are formulas. Change a blue cell and the statements, the discounted cash flow and the value per

Reported history comes only from the company's own audited statements and its own results releases. Where a figure the valuation needs is not disclosed, it is absent and

The single most important number in this workbook is cash conversion — the share of revenue that reaches operating cash flow. The company does not disclose its collection
