

TALAAT MOUSTAFA GROUP HOLDING — valuation workbook
Egyptian Exchange · TMGH · Egyptian pounds · 2026-09-01

BLUE cells are inputs. BLACK cells are formulas. Change a blue cell and the value per share on the Summary sheet changes.

This workbook contains no recommendation, no target price and no rating.

The four cases on the Summary sheet are alternatives, not a distribution. They are two ways of measuring Earnings Per Share (EPS) and two readings of how fast the order book converts. They are never averaged.

Sheet order: READ FIRST · Summary · Fundamental Valuation · Assumptions · SOTP Bridge · Segments · Related Companies · Balance Sheet · Cash Flow · Summary Financials · Monte Carlo · Sensitivity · Per-Share & Ratios · Peer & Sector Analysis
